

USER MANUAL

# HAMMOCK STIFFENER

Important: Read the user manual carefully  
and keep it for future use.

moonboon  
designed for better sleep

# USER MANUAL

The hammock stiffener is made of natural, organic and sustainable coconut shell fiber. The cover is made of undyed organic cotton.

The stiffener is 30 x 85 cm (11.8 inches by 33.5 inches) and is designed to be used in the Moonboon baby hammock and twin baby hammock.

The hammock stiffener may be used instead of the soft kapok mattress or in combination with it. When used with the kapok mattress, it should be placed in the hammock pocket instead of the kapok mattress, and the mattress should in turn be placed in the actual hammock.

## CLEANING INSTRUCTIONS

The hammock stiffener cannot be washed. Instead, shake it regularly and hang it up to air outdoors in dry weather.

It may be wiped with a damp cloth.

# QUESTIONS AND ANSWERS

## **WHY SHOULD I BE USING A HAMMOCK STIFFENER?**

The baby hammock is designed to fit snugly around baby and provide comfort, but as baby grows, space gets sparse. We recommend that you purchase a hammock stiffener to give baby a firm support.

## **CAN I USE THE HAMMOCK STIFFENER IN OTHER BABY HAMMOCKS?**

The hammock stiffener is designed to fit perfectly in Moonboon's baby hammock and twin baby hammock, but it may be used with hammocks from other brands as well, so long as they are sized for babies.

### **Further questions?**

We want to make sure you get the most out of your Moonboon products, so if you have any questions about our care instructions, please do not hesitate to contact our customer service team, who would be happy to help at
